**EDITORIAL:**

Desiderata by Max Ehrmann

Go placidly amid the noise and haste and remember what peace there may be in silence.

As far as possible, without surrender, be on good terms with all persons. Speak your truth quietly and clearly and listen to others - even to the dull and ignorant. They too have their story. Avoid loud and aggressive persons - they are vexations to the spirit.

If you compare yourself to others you may become vain and bitter for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interest in your own career however humble - it is a real possession in the changing fortunes of time.

Exercise caution in your business affairs for the world is full of trickery. Let this not blind you however to what virtue there is. Many persons strive for high ideals and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love for in the face of all aridity and disenchantment it is as perennial as the grass.

Take counsel of the years gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness.

Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe, no less than the trees and the stars. You have a right to be here and whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefor be at peace with God whatever you conceive Him to be and whatever your labours and aspirations.  
In the noisy confusion of life, keep peace in your soul.

With all its sham, drudgery and broken dreams it is still a beautiful world.

Be cheerful. Strive to be happy.

## **FROM THE HIGH CHAIR**

In previous editions, I omitted to comment on the Cradock Cape Centres gathering at the beginning of May. Organised by the Border Centre, this was a most enjoyable weekend. Relaxed and informal days and evening functions in the hotel were the recipe for a special event, especially as we were all accommodated together in the Victoria Manor Hotel and its associated Tuinhuise. Warmest congratulations go to Don Henderson and his team and to the hotel.

One outcome of this get-together was the realisation that it is the South Cape's turn to host the next Cape Centres gathering in 2017. The committee has already commenced the groundwork for the event and a venue is being sought as the first step. At present, the Wilderness Hotel and Pine Lake Marina are on top of the list with the new hotel at Brenton also under investigation. The recent club breakfast at the former suggests that it ticks most of the boxes. As a family hotel, many facilities are available and the stimulation of inter-centre rivalry by offering put-put, outdoor chess, trampolining, sand castle building, tennis and squash competitions will be considered. The committee will need considerable assistance from you, the members, to organise a successful gathering and we ask you to come forward and volunteer to help.

On the topic of MG gatherings, there is a welcome notice from the organisers of the 2016 Pretoria Indaba, found later in this newsletter. As a result of very significant sponsorship from The Sports Car Centre, a substantial 'discount' is being offered for early registration. I hope that more of our members will consider the trip to Pretoria to support the MG movement in our country and the Northern Centre's efforts.

Our committee is looking to the members to come up with suggestions of deserving causes to which we can donate the funds received from our assistance with the running of the Hillclimb. Preferably, we would like to donate the whole amount towards a single capital project thereby making a significant impact for the beneficiary. Please contact me if you know of an organisation planning a special project that will benefit from the donation of R20,000.

A suggestion was made recently that GRMC members should be excluded from our events because the events were becoming too big. An example was the last breakfast run to Zucchini's. We looked at the attendance register and found that only four of the total of 32 cars belonged to GRMC members with two 'guest' cars, and the remainder were MG members. We believe that the high attendance is an indication that the members of our club enjoy these runs and that the numbers are a measure of the popularity. Furthermore, we would not like to damage our very cordial relationship with the GRMC and agree that those members of the GRMC who wish to join these events should continue to do so.

An important event on our calendar in August is the arrival of the MGA 60<sup>th</sup> Anniversary Tour. These 28 MGAs will be joined by an additional nine from our centre for the remainder of the tour. The visitors will be accommodated at Knysna Hollow for two nights. On Tuesday 18<sup>th</sup> August at 16h00, our centre will be hosting them at a street party at Bodge Engineering/Frost Brothers/ Brian Bruce's museum where curry and rice will be provided. All members are invited and encouraged to join the group for the evening.

The cold and rainy weather has not been conducive to top down motoring but we are hoping for better in the near future and hope to see you all at the street party.

Drive safely,

Bruce.

## **Graham Yendall**

It is with great sadness that we advise the sudden passing, on Sunday 26 July, of Graham Yendall.

Graham joined us at our monthly breakfast at Old Nick's earlier on the day. Later he went for a cycle and, on his return to Brackenridge, suffered a heart attack. He was rushed to the Medi Clinic but, unfortunately could not be resuscitated.

Graham was an active member of our club and always willing to lend a hand on events. He will be missed by all! Our sympathy goes out to Sylvia and Graham's family.

## **PAST EVENTS**

### **Quiz night at the Bell - 14 July 2015**

What a fun filled evening it turned out to be in spite of the cold weather. Inside was cosy and warm, food was great, lots of talk and laughter - what a lovely way to spend a Tuesday evening in the winter. Thank you to Mike and Sue for the effort you have put in in compiling the questions, and congratulations to the winning team.

## **Breakfast at Wilderness Hotel - 21 July 2015**

What a lovely venue.

Quite a few braved the rainy weather to enjoy breakfast at the Wilderness Hotel, and nobody, I think, was disappointed. Shared a few laughs about how the Sharks' only chance to get into a final is to do it in a surf competition in Jeffreys Bay and went to look at the rooms and conference facilities as a possibility for the Cape Centers Gathering in 2017.

## **Tech tip- The do's and don'ts of wire wheel removals**

Too many times, when a wire wheel needs to be removed, you see someone grab a hammer and merrily start pounding away while the car is still sitting on the ground.

This is an absolute “NO NO!” Why? Because all the force of the hammering is transmitted directly to the spokes. About the only thing worse for a wire wheel is for you to go kerb jumping.

So the first rule is: Always jack the car up! (And don't forget to put chocks behind the other wheels too)

Secondly, unless you're out in the sticks with a flat tyre, put jack stands under the car. Dropping a car on a brake drum/disc is almost as bad as dropping it on yourself.

Thirdly, always hit the knock-off in a **vertical** direction. Think about it...the suspension was built to go up and down, not back and forth. Why put needless force on parts in a direction not intended by the manufacturer? (NB this applies equally to any disc wheel secured by knock-ons)

Fourthly, if it is a rear wheel, take the car out of gear and release the hand brake – it's not a good idea to beat on your transmission or differential gears with a hammer and that is basically what you'd be doing if the car is left in gear.

A few final pointers: if you're going to be working around the splined hub with the wheel off, spin the knock-off back on a couple of turns to save you getting a round grease stain on the front of your new Pringle shirt! This also saves the knock-offs threads from being needlessly exposed to foreign matter while off the splines.

Speaking of grease, before putting the wheel back on, be sure the splines are adequately greased (Coppaslip is a good solution). I recently had the sad experience of having to watch a friend hacksaw the spokes out of a perfectly good wheel so the whole hub assembly could be removed and then the rusted on wheel pounded off the hub.

Use a knock-off hammer (Usually lead/copper/leather) or the newer lead weighted type hammer. Why take a pretty chrome knock-off and beat it to an unrecognisable pulp with a steel hammer?

And last but not least, check the tightness of your knock-offs regularly. Contrary to popular belief (And mechanical theory) they do loosen up, resulting in worn splines and expensive replacement parts at the very least. With the exchange rate at nearly R19 to the £ this will be expensive!

Bruce found some bizarre pics, this one of 'the Flintstone committee' at the 2010 Indaba at Oudtshoorn. Guess who!

These are pics of a rehearsal of the show that was put on at the 2009 Cape Centres Port Alfred gathering - 'Guitarzan'. Brian Davidson is Elvis, Norman Frost is Guitarzan playing his guitar, Jane is Tony, Gorilla is George Winter, Duncan is hunter, Bruce is the Zulu, the animals were Jose Davidson and I think Lorna and Colleen.

**The next Cape Centres weekend is in the planning stage and it is our responsibility. This photos just might awake motivation and ideas. Thank you Bruce for the photos, looks like great fun.**

**INDABA NEWSLETTER**  
**13 MONTHS TO GO!!**

Dear MG Enthusiast.

We are extremely pleased to announce that, due to the generosity of our major sponsor, it has become possible to reduce the cost of the 2016 MG Indaba.

For those that register, R502 fee paid, before September 30, 2015, the Indaba cost has been reduced to a total of R3900 per couple excluding accommodation. A saving of R600. (Single entries have been reduced to R2300) Hence your total cost for the event is likely to be less than R6600 per couple, including B&B accommodation at Villa Africa.

For those who register after September 30, the cost will be R4250, a saving of R250. We have simplified the accommodation process, and for those who request an hotel, we will fill Villa Africa first, and any overflow will be accommodated at Willows Country Lodge. Bookings will be made on your behalf by the Indaba organisers. Final accommodation costs should be available around the end of September when we have a better indication of the numbers, as we will be negotiating the rates on your behalf. As mentioned earlier the **total cost will be under R6600 per couple all inclusive**. Registration forms are available on our website [www.mgcc-north.co.za/indaba2016](http://www.mgcc-north.co.za/indaba2016), or on request from this e mail address. A revised payment plan will be issued shortly. Regards, the Indaba 2016 Team
